Protection Levels required

Based on your circumstances, Protectionhelp will calculate the levels of protection you require. In this section please could you advise your thoughts on the level of protection you would like or think you require, and in the notes section advise if you have a budget in mind for what you are prepared to spend on protection. We will discuss any gaps in cover with you before we make any recommendations.

If you have no ideas on the level of protection you would like and / or a budget, please leave this section blank.

Attitude to Risk Questionnaire

This risk questionnaire aims to establish your general risk outlook and the level of risk you are normally prepared to take, although you may decide to take more or less risk for any specific investment objectives you may have. You should answer each question thoughtfully and honestly – there are no right or wrong answers, and no option for 'don't know'. If a question seems open to interpretation, just give the response that feels most intuitive to you. Try to avoid a significant number of "Neutral" answers as this can lead to a risk profile rating of reduced accuracy.

Please tick the relevant box to indicate how you feel about each statement on the five-point scale from 1 'Strongly Agree,' through to 5 'Strongly Disagree'.

1 = 9	Strongly agree to 5 = Strongly disagree	Priori	Priority Number					
1	People who know me would describe me as a cautious person	1	2	3	4	5		
2	I feel comfortable about investing in the stock market	1	2	3	4	5		
3	I generally look for the safer investments, even if that means lower returns	1	2	3	4	5		
4	Usually it takes me a long time to make up my mind on financial matters	1	2	3	4	5		
5	I associate the word "risk" with the idea of "opportunity"	1	2	3	4	5		
6	I generally prefer bank deposits to riskier investments	1	2	3	4	5		
7	I find investment matters easy to understand	1	2	3	4	5		
8	I'm willing to take substantial investment risk to earn substantial returns	1	2	3	4	5		
9	I have little experience of investing in stocks and shares	1	2	3	4	5		
10	I tend to be anxious about the investment decisions I've made	1	2	3	4	5		
11	I'd rather take my chances with higher risk investments than increase the amount I'm saving	1	2	3	4	5		
12	I'm not comfortable with the ups and downs of stockmarket investments	1	2	3	4	5		

If you found the questions difficult to answer or understand, or have any other reservations about your responses, you may wish to speak to your adviser about risk in more detail.

Also, be aware that inconsistent answers cannot always be identified at the time of completing this document.

If inconsistent answers are present your adviser will discuss these with you before producing your final Attitude to Risk Report.

Notes

Agreed Risk Profile

Natural Risk Level - Your natural risk level is based on the answers given in the Attitude to Risk Questionnaire. This can be calculated using the table below.

Agreed Risk Level – To be agreed with Protectionhelp Independent Financial Adviser Your agreed risk level is arrived at following an interactive discussion with your Adviser, taking into consideration your natural risk level, capacity for loss and required investment return.
